

NextDecade Announces 1.5 MTPA LNG Sale and Purchase Agreement with EQT from Rio Grande LNG Train 5

September 3, 2025

HOUSTON--(BUSINESS WIRE)--Sep. 3, 2025-- NextDecade Corporation (NextDecade or the Company) (NASDAQ: NEXT) announced today that it has executed a 20-year liquefied natural gas (LNG) sale and purchase agreement (SPA) with EQT Corporation (NYSE: EQT) for offtake from Rio Grande LNG Train 5.

EQT will purchase 1.5 million tonnes per annum (MTPA) of LNG for 20 years on a free on board basis at a price indexed to Henry Hub, subject to NextDecade making a positive final investment decision (FID) on Train 5.

"We have made great strides in the commercialization of Rio Grande LNG Train 5, and today we are announcing a long-term SPA with EQT, one of the largest producers of natural gas in the United States," said Matt Schatzman, NextDecade Chairman and Chief Executive Officer. "The LNG we are selling from our project to EQT will play a critical role in enhancing the energy security of our allies around the world."

NextDecade has also extended the price validity period under its lump-sum turnkey engineering, procurement, and construction (EPC) contract with Bechtel Energy Inc. for Train 5 until November 15, 2025. The total costs for Rio Grande LNG Train 5 and related infrastructure are expected to be approximately \$6.7 billion¹.

NextDecade has now announced a total of 3.5 MTPA of LNG from Train 5 sold under 20-year LNG SPAs and is targeting an additional 1.0 MTPA sold under a long-term SPA to support a positive FID on Train 5. The Company expects to complete commercialization of Train 5 in the third quarter of 2025, and subject to obtaining adequate financing, NextDecade expects to achieve a positive FID on Train 5 in the fourth quarter of 2025, prior to expiry of the revised EPC price validity period.

NextDecade also continues to expect to achieve a positive FID on Rio Grande LNG Train 4 by September 15, 2025, subject to obtaining adequate financing.

¹Includes estimated final EPC cost, owner's cost, contingencies, financing fees, interest during construction and a payment for Train 5's proportionate use of the common facilities at the Rio Grande LNG facility.

About NextDecade Corporation

NextDecade is committed to providing the world access to reliable, lower carbon energy. We are focused on delivering secure, low-cost, and sustainable energy solutions through the safe and efficient development and operation of natural gas liquefaction and carbon capture and storage infrastructure. Through our subsidiaries, we are developing and constructing the Rio Grande LNG natural gas liquefaction and export facility near Brownsville, Texas, with approximately 48 MTPA of potential liquefaction capacity currently under construction or in development. We are also developing a potential carbon capture and storage project at the facility that is expected to make meaningful impacts toward a lower carbon future. NextDecade's common stock is listed on the Nasdaq Stock Market under the symbol "NEXT." NextDecade is headquartered in Houston, Texas. For more information, please visit www.next-decade.com.

Forward-Looking Statements

This press release contains forward-looking statements within the meaning of U.S. federal securities laws. The words "anticipate," "contemplate," "estimate," "expect," "project," "plan," "intend," "believe," "may," "might," "will," "would," "could," "should," "can have," "likely," "continue," "design," "assume," "budget," "guidance," "forecast," and "target," and other words and terms of similar expressions are intended to identify forward-looking statements, and these statements may relate to the business of NextDecade and its subsidiaries. These statements have been based on assumptions and analysis made by NextDecade in light of current expectations, perceptions of historical trends, current conditions and projections about future events and trends and involve a number of known and unknown risks, which may cause actual results to differ materially from expectations expressed or implied in the forward-looking statements. Although NextDecade believes that the expectations reflected in these forward-looking statements are reasonable, it can give no assurance that the expectations will prove to be correct. NextDecade's actual results could differ materially from those anticipated in these forward-looking statements as a result of a variety of factors, including those discussed in NextDecade's periodic reports that are filed with and available from the Securities and Exchange Commission. The taking of a final investment decision on Trains 4 and 5 at the Rio Grande LNG Facility is subject to, among other things, maintaining requisite governmental approvals, entering into appropriate commercial arrangements, and obtaining adequate financing to construct each train and related infrastructure. Additionally, any development of additional expansion trains at the Rio Grande LNG Facility or CCS projects remains contingent upon receipt of requisite governmental approvals, execution of definitive commercial and financing agreements, securing all financing commitments and potential tax incentives, achieving other customary conditions and making a final investment decision to proceed. The forward-looking statements in this press release speak as of the date of this

release. NextDecade may from time to time voluntarily update its prior forward-looking statements, however, it disclaims any commitment to do so except as required by securities laws.
