

## NextDecade and Enbridge Announce Strategic MOU for the Development of Rio Bravo Pipeline for the Rio Grande LNG Project

September 18, 2019

HOUSTON--(BUSINESS WIRE)--Sep. 18, 2019-- NextDecade Corporation (NextDecade) (NASDAQ: NEXT) and Enbridge Inc. (Enbridge) (TSX: ENB) (NYSE: ENB) announced today a Memorandum of Understanding (MOU) to jointly pursue the development of the Rio Bravo Pipeline (Rio Bravo) and other natural gas pipelines in South Texas to transport natural gas to NextDecade's Rio Grande LNG project located in Brownsville, Texas. Rio Bravo is designed to transport 4.5 billion cubic feet per day of natural gas from the Agua Dulce area to Rio Grande LNG.

Matt Schatzman, NextDecade's Chairman and Chief Executive Officer said, "Enbridge is one of North America's leading energy infrastructure companies and we look forward to exploring a strong partnership in South Texas. With its Texas Eastern Pipeline and recently completed Valley Crossing Pipeline, Enbridge has extensive permitting, construction, and operating experience in the State of Texas, especially in South Texas."

Bill Yardley, Enbridge's President of Gas Transmission and Midstream said, "We are excited to be working with NextDecade for pipeline solutions to the Rio Grande LNG facility. Our existing infrastructure fits very well with the Brownsville location. This is a continuation of our strategy to bring our major projects execution and permitting capability to the expanding LNG export efforts in North America."

The companies anticipate finalizing definitive documentation reflecting the terms of the MOU in the fourth quarter of 2019.

### **NextDecade Forward-Looking Information**

*This press release contains forward-looking statements within the meaning of U.S. federal securities laws. The words "anticipate," "contemplate," "estimate," "expect," "project," "plan," "intend," "believe," "may," "might," "will," "would," "could," "should," "can have," "likely," "continue," "design" and other words and terms of similar expressions are intended to identify forward-looking statements, and these statements may relate to the business of NextDecade and its subsidiaries. These statements have been based on NextDecade's current assumptions, expectations, and projections about future events and trends and involve a number of known and unknown risks, which may cause actual results to differ materially from expectations expressed or implied in the forward-looking statements. These risks include uncertainties about progress in the development of NextDecade's LNG liquefaction and export projects and the timing of that progress; government approval of construction and operation of NextDecade's Rio Grande LNG and Rio Bravo Pipeline projects terminal at the Port of Brownsville in southern Texas (the "Terminal") and an associated 137-mile pipeline to supply gas to the Terminal (the "Pipeline" and together with the Terminal, the "Project") and the timing of that approval; the successful completion of the Project by third-party contractors; our ability to secure additional debt and equity financing in the future to complete the Project; the accuracy of estimated costs for the Project; statements that the Project, when completed, will have certain characteristics, including amounts of liquefaction capacities; NextDecade's anticipated competitive advantage and technological innovation which may render its anticipated competitive advantage obsolete; the global demand for and price of natural gas (versus the price of imported LNG); the availability of LNG vessels worldwide; negotiations for the Terminal site lease and right-of-way options for the Pipeline route; changes in legislation and regulations relating to the LNG industry, including environmental laws and regulations that impose significant compliance costs and liabilities; risks related to doing business in and having counterparties in foreign countries; changes adversely affecting the business in which NextDecade is engaged; management of growth; general economic conditions; NextDecade's ability to generate cash; compliance with environmental laws and regulations; the result of future financing efforts and applications for customary tax incentives; and other matters discussed in the "Risk Factors" section of NextDecade's Annual Report on Form 10-K for the year ended December 31, 2018 and other subsequent reports filed with the Securities and Exchange Commission, all of which are incorporated herein by reference.*

*Additionally, any development of the Project remains contingent upon completing required commercial agreements, acquiring all necessary permits and approval, securing all financing commitments and potential tax incentives, achieving other customary conditions and making a final investment decision to proceed. The forward-looking statements in this press release speak as of the date of this release. Although NextDecade believes that the expectations reflected in these forward-looking statements are reasonable, it can give no assurance that the expectations will prove to be correct. NextDecade may from time to time voluntarily update its prior forward-looking statements, however, it disclaims any commitment to do so except as required by securities laws.*

### **Enbridge Inc. Forward-Looking Information**

*Forward-looking information, or forward-looking statements, have been included in this news release to provide information about Enbridge and its subsidiaries and affiliates, including management's assessment of Enbridge and its subsidiaries' future plans and operations. This information may not be appropriate for other purposes. Forward-looking statements are typically identified by words such as "anticipate", "expect", "project", "estimate", "forecast", "plan", "intend", "target", "believe", "likely" and similar words suggesting future outcomes or statements regarding an outlook. Forward-looking information or statements included or incorporated by reference in this document include, but are not limited to, statements with respect to the proposed development of Rio Bravo and other natural gas pipelines in South Texas to transport natural gas to NextDecade's Rio Grande LNG project located in Brownsville, Texas, including Rio Bravo's expected capacity and the anticipated timeline for finalizing definitive documentation reflecting the terms of the MOU.*

*Although Enbridge believes these forward-looking statements are reasonable based on the information available on the date such statements are made and processes used to prepare the information, such statements are not guarantees of future performance and readers are cautioned against placing undue reliance on forward-looking statements. By their nature, these statements involve a variety of assumptions, known and unknown risks and uncertainties and other factors, which may cause actual results, levels of activity and achievements to differ materially from those expressed or implied by such statements. Assumptions regarding the expected supply of and demand for crude oil, natural gas, NGL and renewable energy, and the prices of these commodities, are material to and underlie all forward-looking statements, as they may impact current and future levels of demand for Enbridge's services. Similarly, exchange rates, inflation and interest rates impact the economies and business environments in which Enbridge operates and may impact levels of demand for Enbridge's services and cost of inputs, and are therefore inherent in all forward-looking statements. Due to the interdependencies and correlation of these macroeconomic factors, the impact of any one assumption on a forward-looking statement cannot be determined with certainty. The most relevant assumptions associated with forward-looking statements on announced projects and projects under construction, including estimated completion dates and expected capital expenditures, include the following: the availability and price of labour and construction materials; the effects of inflation and foreign exchange rates on labour and material costs; the effects of interest rates on borrowing costs; the impact of weather and customer, government and regulatory approvals on construction and in-service schedules and cost recovery regimes.*

*Enbridge's forward-looking statements are subject to risks and uncertainties, including, but not limited to those risks and uncertainties discussed in this news release and in the Company's other filings with Canadian and United States securities regulators. The impact of any one risk, uncertainty or factor on a particular forward-looking statement is not determinable with certainty as these are interdependent and Enbridge's future course of action depends on management's assessment of all information available at the relevant time. Except to the extent required by applicable law, Enbridge assumes no obligation to publicly update or revise any forward-looking statements made in this news release or otherwise, whether as a result of new information, future events or otherwise. All subsequent forward-looking statements, whether written or oral, attributable to Enbridge or persons acting on the Company's behalf, are expressly qualified in their entirety by these cautionary statements.*
