We have based these forward-looking statements largely on our current expectations and projections about future events and trends that we believe may affect our financial condition, results of operations, strategy, short-term and long-term business operations and objectives and financial needs.

Although we believe that the expectations reflected in our forward-looking statements are reasonable, actual results could differ from those expressed in our forward-looking statements. You should consider our forward-looking statements in light of a number of factors that may cause actual results to vary from our forward-looking statements including, but not limited to:

- the governmental approval of construction and operation of the Project;
- the successful completion of the Project by third-party contractors;
- our ability to generate cash;
- the development risks, operational hazards, regulatory approvals applicable to the Project’s construction and operations activities;
- our anticipated competitive advantage;
- the global demand for and price of natural gas (versus the price of imported LNG);
- the availability of LNG vessels worldwide;
- legislation and regulations relating to the LNG industry;
- negotiations for the Terminal site lease and right-of-way options for the Pipeline route;

- compliance with environmental laws and regulations; and
- the result of future financing efforts.

Should one or more of the foregoing risks or uncertainties materialize in a way that negatively impacts us, or should your underlying assumptions prove incorrect, our actual results may vary materially from those anticipated in our forward-looking statements, and our business, financial condition and results of operations could be materially and adversely affected.

The forward-looking statements contained in this prospectus are made as of the date of this prospectus or, in the case of any accompanying prospectus supplement or documents incorporated by reference, the date of any such document. Except as required by applicable law, we do not undertake any obligation to publicly correct or update any forward-looking statements. All forward-looking statements attributable to us are expressly qualified in their entirety by these cautionary statements as well as others made in this prospectus, our most recent Annual Report on Form 10-K and any subsequently filed Quarterly Reports on Form 10-Q, and in our other SEC filings and public communications. PROSPECTUS SUMMARY

The following summary highlights information contained elsewhere or incorporated by reference into this prospectus. It may not contain all the information that may be important to you. You should read this entire prospectus, including all documents incorporated by reference, carefully, especially the “Risk Factors” section beginning on page 10 of this prospectus and incorporated by reference from our Annual Report on Form 10-K for the year ended December 31, 2017, and our financial statements and related notes incorporated by reference in this prospectus before making an investment decision with respect to our securities. Our Company

We are a LNG development company focused on LNG export projects and associated pipelines. We have focused and continue to focus our development activities on the Project. We believe the Project is well-positioned among the second wave of U.S. LNG projects. We have also secured, through December 2019, a 994-acre site near Texas City, Texas for another potential LNG terminal. We also believe we maintain key competitive advantages involving engineering, commercial and gas supply considerations. We submitted a pre-filing request for the Project to the Federal Energy Regulatory Commission (the “FERC”) in March 2015 and filed a formal application with the FERC in May 2016. We believe we have robust commercial offtake and gas supply strategies in place and have signed significant non-binding customer commitments to date. We estimate that the Project will commence commercial operations as early as 2023.

Recent Developments

The Project Receives Series of Air Permits from Texas Commission on Environmental Quality

On December 12, 2018, the Texas Commission on Environmental Quality voted to issue a series of air permits to the Project. The Project remains subject to review of the FERC, which is the primary and coordinating agency responsible for the permitting of U.S. LNG projects.

Receipt of FERC Scheduling Notice and Draft Environmental Impact Statement

On August 31, 2018, the FERC issued a notice of schedule for environmental review of the Project. According to the notice, the FERC will issue its final Environmental Impact Statement (“EIS”) on April 26, 2019, based on issuance of the draft EIS in October 2018. The FERC subsequently issued the draft EIS on October 12, 2018. The FERC has established a Federal Authorization Decision Deadline of July 25, 2019, 90 days from the scheduled issuance of the final EIS.

Under the Certificate of Designations of Series A Convertible Preferred Stock (the "Series A Certificate of Designations"), holders of Series A Preferred Stock have the following rights, preferences, and privileges:

Ranking: The Series A Preferred Stock ranks senior in preference and priority to the Common Stock and each other class or series of capital stock of the Company, except for any class or series of capital stock (which includes the Series B Preferred Stock discussed below) issued in compliance with the terms of the Series A Certificate of Designations.

Dividends: The holders of Series A Preferred Stock will be entitled to receive, out of funds legally available for the payment of dividends under Delaware law, cumulative dividends that accrue daily at an annual rate of 12%, payable quarterly in cash or in-kind. The holders of Series A Preferred Stock will also be entitled to participate in dividends (payable in cash, securities or otherwise) made on shares of Common Stock.

Liquidation Preference: Upon a defined liquidation, the holders of Series A Preferred Stock will be entitled to be paid first out of any proceeds in an amount per share equal to the greater of (i) an amount equal to (a) \$1,000 per share of Series A Preferred Stock plus (b) any accrued but unpaid dividends on such share of Series A Preferred Stock as of immediately prior to such liquidation, and (ii) such amounts as would have been payable had all shares of Series A Preferred Stock been converted into Common Stock (without regard to any of the limitations on convertibility contained in the Series A Certificate of Designations and plus any payment in respect of any fractional interest pursuant to the Series A Certificate of Designations) immediately prior to such liquidation, and prior to payment of any amounts on Common Stock.

Conversion: The Company has the option to convert all, but not less than all, of the Series A Preferred Stock into shares of Company common stock at a strike price of \$7.50 per share of Common Stock (the "Conversion Price") on any date on which the volume weighted average trading price of shares of Common Stock for each trading day during any 60 of the prior 90 trading days is equal to or greater than 175% of the Conversion Price, in each case subject to certain terms and conditions. Furthermore, the Company must convert all of the Series A Preferred Stock into shares of Common Stock at the Conversion Price on the earlier of (i) ten (10) business days following a FID Event (as defined in the Series A Certificate of Designations) and (ii) the date that is the tenth (10th) anniversary of the closing of the issuances of the Series A Preferred Stock.

Anti-dilution Protection: The Conversion Price will be subject to proportional adjustment for certain transactions relating to the Company's capital stock, including stock splits, stock dividends and similar transactions. In addition, the Conversion Price will be subject to anti-dilution protections with respect to certain Common Stock issuances, subject to certain exceptions.

Voting Rights: Holders of Series A Preferred Stock will be entitled to vote with the holders of the Common Stock on an as-converted basis. In addition, prior to the conversion of the Series A Preferred Stock, the consent of the holders of at least a majority of the Series A Preferred Stock then outstanding, voting together as a single class, will be required for the Company to take certain actions, including, among others, (i) authorizing, creating or approving the issuance of any shares of, or of any security convertible into, or convertible or exchangeable for shares of, senior to, or otherwise pari passu with, the Series A Preferred Stock; (ii) adversely affecting the rights, preferences or privileges of the Series A Preferred Stock, subject to certain exceptions; (iii) amending, altering or repealing any of the provisions of the Company's Second Amended and Restated Certificate of Incorporation (the "Certificate of Incorporation") in a manner that would adversely affect the powers, designations, preferences or rights of the Series A Preferred Stock; or (iv) amending, altering or repealing any of the provisions of the Series A Certificate of Designations.

Series A Warrants

The Series A Warrants issued to HGC represent the right to acquire in the aggregate 50 basis points (0.50%) of the fully diluted shares of all outstanding shares of Common Stock on the exercise date with a strike price of \$0.01

per share. The Series A Warrants issued to each of the Fund Purchasers represent the right to acquire approximately 21 basis points (0.21%) in the aggregate of the fully diluted shares of all outstanding shares of Common Stock on the exercise date with a strike price of \$0.01 per share. The Series A Warrants have a fixed three-year term commencing on the closings of the issuances of the Series A Preferred Stock. The Series A Warrants may only be exercised by holders at the expiration of such three-year term; however, the Company can force exercise of the Series A Warrants prior to expiration of such term if the volume weighted average trading price of shares of Common Stock for each trading day during any 60 of the prior 90 trading days is equal to or greater than 175% of the Conversion Price.

Series B Preferred Stock

In September 2018, we sold an aggregate of 29,055 shares of Series B Preferred Stock at \$1,000.00 per share for an aggregate purchase price of \$29.055 million and we issued an additional 581 shares of Series B Preferred Stock in aggregate to certain funds managed by BlackRock (collectively, the “Series B Preferred Stock Purchasers”) as origination fees. The Series B Warrants were issued together with the shares of Series B Preferred Stock.

The Series B Preferred Stock has substantially identical terms to the Series A Preferred Stock (as described above), except that the Series B Preferred Stock, with respect to the payment of dividends and rights upon a defined liquidation, ranks (i) senior in all respects to all Junior Stock (as defined in the Certificate of Designations of Series B Convertible Preferred Stock (the “Series B Certificate of Designations”)); (ii) on parity in all respects with all Parity Stock (as defined in the Series B Certificate of Designations), which includes the Series A Preferred Stock; and (iii) junior in all respects to all Senior Stock (as defined in the Series B Certificate of Designations).

Series B Warrants

The Series B Warrants issued to the Series B Preferred Stock Purchasers represent the right to acquire in the aggregate a number of shares of Common Stock equal to (a)(i) the aggregate purchase price for the Series B Preferred Stock divided by (ii) \$35 million, multiplied by (b)(i) 0.5% multiplied by (ii) the number of fully diluted shares of all outstanding shares of Common Stock on the exercise date with a strike price of \$0.01 per share. The Series B Warrants have a fixed three-year term commencing on the closings of the issuances of the Series B Preferred Stock. The Series B Warrants may only be exercised by holders of the Series B Warrants at the expiration of such three-year term, except that the Company can force exercise of the Series B Warrants prior to expiration of such term if (i) the volume weighted average trading price of shares of Common Stock for each trading day during any sixty (60) of the prior ninety (90) trading days is equal to or greater than 175% of the applicable conversion price and (ii) the Company simultaneously elects to force a mandatory exercise of all other warrants then-outstanding and unexercised and held by any holder of Parity Stock (as defined in the Series B Certificate of Designations).

We entered into Series A Convertible Preferred Stock Purchase Agreements with the Series A Preferred Stock Purchasers on August 3, 2018 pursuant to which we sold an aggregate of 50,000 shares of Series A Preferred Stock at \$1,000.00 per share for an aggregate purchase price of \$50 million, issued an additional 1,000 shares of Series A Preferred Stock in aggregate as origination fees and issued the Series A Warrants. In connection with the issuance of Series A Preferred Stock and pursuant to the Backstop Agreements, we also issued a total of 413,658 shares of Common Stock as fees to the Fund Purchasers. On August 23, 2018, we entered into a Series B Convertible Preferred Stock Purchase Agreement with the Series B Preferred Stock Purchasers pursuant to which we sold an aggregate of 29,055 shares of Series B Preferred Stock at \$1,000.00 per share for an aggregate purchase price of \$29.055 million, issued an additional 581 shares of Series B Preferred Stock in aggregate as origination fees and issued the Series B Warrants.

In connection with the issuances of the Series A Preferred Stock, the Series A Warrants, the Series B Preferred Stock and the Series B Warrants, we entered into registration rights agreements with the selling stockholders pursuant to which we were obligated to prepare and file a registration statement to permit the resale of shares of Common Stock underlying (i) the Series A Preferred Stock and the Series B Preferred Stock (including any Common Stock underlying the Series A Preferred Stock and the Series B Preferred Stock issued as payment-in-kind dividends) issued pursuant to the respective purchase agreements and backstop commitment agreements, as applicable, and (ii) the Warrants, in each case held by the selling stockholders from time to time as permitted by Rule 415 promulgated under the Securities Act. We cannot predict when or whether any of the selling stockholders will convert their Series A Preferred Stock or the Series B Preferred Stock, as applicable, or exercise their Series A Warrants or Series B Warrants, as applicable, and even if they do, we do not know how long the selling stockholders will hold the shares of Common Stock acquired upon conversion or exercise, as applicable, before selling them. We currently have no agreements, arrangements or understandings with the selling stockholders regarding the sale or other disposition of any of the shares of Common Stock. The shares of Common Stock covered hereby may be offered from time to time by the selling stockholders.

We have prepared the below table and the related notes as of December 7, 2018 based on publicly available information and information previously supplied to us by the selling stockholders. We have not sought to verify such information. We believe, based on information supplied by the selling stockholders, that except as may otherwise be indicated in the footnotes to the table below, the selling stockholders have sole voting and dispositive power with respect to the shares of Common Stock reported as beneficially owned by them. Because the selling stockholders identified in the table may sell some or all of the shares of Common Stock owned by them which are included in this prospectus, and because there are currently no agreements, arrangements or understandings with respect to the sale of any of the shares of Common Stock, no estimate can be given as to the number of the shares of Common Stock available for resale hereby that will be held by the selling stockholders upon termination of this offering. In addition, the selling stockholders may have sold, transferred or otherwise disposed of, or may sell, transfer or otherwise dispose of, at any time and from time to time, the shares of Common Stock they hold in transactions exempt from the registration requirements of the Securities Act after the date on which the selling stockholders provided the information set forth on the table below. We have, therefore, assumed for the purposes of the following table, that the selling stockholders will sell all of the shares of Common Stock beneficially owned by them that are covered by this prospectus. The selling stockholders are not obligated to sell any of the shares of Common Stock offered by this prospectus. The percent of beneficial ownership for the selling stockholders is based on 109,373,772 shares of Common Stock outstanding as of December 7, 2018.

* Indicates beneficial ownership of less than 1% of the total outstanding Common Stock.

** “Beneficial ownership” is a term broadly defined by the SEC in Rule 13d-3 under the Exchange Act and includes more than typical forms of stock ownership, that is, stock held in the person’s name. The term also includes what is referred to as “indirect ownership,” meaning ownership of shares as to which a person has or shares investment or voting power. For purposes of this table, shares not outstanding that are subject to options, warrants, rights or conversion privileges exercisable within 60 days of December 7, 2018 are deemed outstanding for the purpose of calculating the number and percentage owned by such person, but not deemed outstanding for the purpose of calculating the percentage owned by each other person listed. Since the Series A Preferred Stock, the Series B Preferred Stock, the Series A Warrants and the Series B Warrants are not convertible into, or exercisable for, Common Stock within 60 days of December 7, 2018, shares of Common Stock issuable upon such conversion or exercise are not reflected as beneficially owned by the respective selling stockholders in the table above, although the shares are reflected in the table as offered hereby.

*** Based on a denominator equal to the sum of (i) 109,373,772 shares of Common Stock outstanding on December 7, 2018 and (ii) the number of shares of Common Stock offered under this prospectus by the selling stockholders.

The shares of Common Stock covered by this prospectus may be offered and sold from time to time by the selling stockholders. The selling stockholders will act independently of us in making decisions with respect to the timing, manner and size of each sale. Such sales may be made on one or more exchanges or in the over-the-counter market or otherwise, at prices and under terms then prevailing or at prices related to the then-current market price or in negotiated transactions. The selling stockholders may sell their shares of Common Stock by one or more of, or a combination of, the following methods.

- privately negotiated transactions;
- underwritten transactions;
- exchange distributions and/or secondary distributions;
- sales in the over-the-counter market;
- ordinary brokerage transactions and transactions in which the broker solicits purchasers;
- sales by broker-dealers who agree with the selling stockholders to sell a specified number of such shares of Common Stock at a stipulated price per share;
- a block trade (which may involve crosses) in which the broker or dealer so engaged will attempt to sell the securities as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker or dealer as principal and resale by such broker or dealer for its own account pursuant to this prospectus;
- short sales;
- through the writing of options on the shares, whether or not the options are listed on an options exchange;
- through the distributions of the shares of Common Stock by any selling stockholder to its partners, members or stockholders;
- a combination of any such methods of sale; and
- any other method permitted pursuant to applicable law.

In addition, the selling stockholders may from time to time sell shares of Common Stock in compliance with Rule 144 under the Securities Act, if available, or pursuant to other available exemptions from the registration requirements under the Securities Act, rather than pursuant to this prospectus. In such event, the selling stockholders may be required by the securities laws of certain states to offer and sell the shares of Common Stock only through registered or licensed brokers or dealers.

The selling stockholders and any underwriters, broker-dealers or agents that participate in the sale of shares of Common Stock or interests therein may be “underwriters” within the meaning of Section 2(a)(11) of the Securities Act. Any discounts, commissions, concessions or profit they earn on any resale of the shares of Common Stock may be underwriting discounts and commissions under the Securities Act. If any selling stockholder is an “underwriter” within the meaning of Section 2(a)(11) of the Securities Act, then the selling stockholder will be subject to the prospectus delivery requirements of the Securities Act. Underwriters and their controlling persons, dealers and agents may be entitled, under agreements entered into with us and the selling stockholders, to indemnification against and contribution toward specific civil liabilities, including liabilities under the Securities Act.

In connection with sales of shares of Common Stock under this prospectus, the selling stockholders may enter into hedging transactions with broker-dealers, who may in turn engage in short sales of shares of Common Stock in the course of hedging the positions they assume. The selling stockholders also may sell shares of Common Stock short and deliver them to close their short positions, or loan or pledge shares of Common Stock to broker-dealers that in turn may sell them. The selling stockholders may also enter into option or other transactions with broker-dealers or other financial institutions or the creation of one or more derivative securities which require the delivery to such broker-dealer or other financial institution of shares offered by this prospectus, which shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The selling stockholders may from time to time pledge or grant a security interest in some or all of the shares of Common Stock owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell such shares of Common Stock from time to time under this prospectus, or under an amendment to this prospectus under Rule 424 or other applicable provision of the Securities Act amending the list of selling stockholders to include the pledgee, transferee or other successors in interest as selling stockholders under this prospectus.

To the extent required, this prospectus may be amended or supplemented from time to time to describe a specific plan of distribution, including the names of any underwriters, the purchase price and the proceeds the selling stockholders will receive from the sale of shares of Common Stock, any underwriting discounts and other items constituting underwriters' compensation, any public offering price and any discounts or concessions allowed or reallocated or paid to dealers, and any other information we believe to be material.

The aggregate proceeds to the selling stockholders from the sale of shares of Common Stock offered by them will be the purchase price of the Common Stock less discounts or commissions, if any. The selling stockholders reserve the right to accept and, together with their agents from time to time, to reject, in whole or in part, any proposed purchase of Common Stock to be made directly or through agents. We will not receive any of the proceeds from any offering by the selling stockholders.

There can be no assurances that the selling stockholders will sell any or all of the shares of Common Stock offered under this prospectus.

Underwriters, broker dealers or agents who may become involved in the sale of shares of Common Stock may engage in transactions with and perform other services for the Company in the ordinary course of business for which they receive compensation.

The following is a summary of our Common Stock and provisions of the Certificate of Incorporation and our Amended and Restated Bylaws (the "Bylaws") and certain provisions of Delaware law. This summary does not purport to be complete and is qualified in its entirety by the provisions of the Certificate of Incorporation and the Bylaws. The Certificate of Incorporation and the Bylaws are incorporated by reference and filed as exhibits to the registration statement of which this prospectus forms a part.

Common Stock

Authorized and Outstanding Shares of Common Stock

The Certificate of Incorporation authorizes the issuance of 480,000,000 shares of Common Stock. As of December 7, 2018, there were 109,373,772 shares of Common Stock outstanding and held by 89 holders of record. The number of record holders is based upon the actual number of holders registered at such date and does not include holders of shares in "street name" or persons, partnerships, associated, corporations or entities in security position listings maintained by depositories.

Voting Power

Except as otherwise required by law or as otherwise provided in any certificate of designations for any series of preferred stock, the holders of our Common Stock exclusively possess all voting power for the election of our directors and all other matters requiring stockholder action and will at all times vote together as one class on all matters submitted to a vote of our stockholders. Holders of our shares of Common Stock are entitled to one vote per share on matters to be voted on by stockholders.

Dividends

Subject to the prior rights of all classes or series of stock at the time outstanding having prior rights as to dividends or other distributions, the holders of our Common Stock are entitled to receive such dividends and other distributions, if any, as may be declared from time to time by the Board in its discretion out of funds legally available therefor and shall share equally on a per share basis in such dividends and distributions.

Liquidation, Dissolution and Winding Up

In the event of the voluntary or involuntary liquidation, dissolution, or winding-up of the Company, the holders of our Common Stock are entitled to receive their ratable and proportionate share of the remaining assets of the Company, after the rights of the holders of the preferred stock have been satisfied.

Election of Directors

The Board of Directors is currently divided into three classes, Class A, Class B and Class C, with only one class of directors being elected in each year and each class serving a three-year term. There is no cumulative voting with respect to the election of directors.

Dividends

We have not paid any cash dividends on shares of our Common Stock to date. The payment of cash dividends in the future will be dependent upon our revenues and earnings, if any, capital requirements, and general financial condition. The payment of any dividends will be within the discretion of the Board of Directors.

Staggered Board of Directors

The Certificate of Incorporation provides that the Board of Directors will be classified into three classes of directors of approximately equal size. As a result, in most circumstances, a person can gain control of the Board only by successfully engaging in a proxy contest at two or more annual meetings.

Special Meeting of Stockholders; Action by Written Consent

The Bylaws provide that special meetings of our stockholders may be called only by a majority vote of the Board of Directors. Additionally, the Certificate of Incorporation and Bylaws provide that stockholder action can be taken only at an annual or special meeting of stockholders and cannot be taken by written consent in lieu of a meeting.

Advance Notice Requirements for Stockholder Proposals and Director Nominations

The Bylaws provide that stockholders seeking to bring business before an annual meeting of stockholders or to nominate candidates for election as directors at an annual meeting of stockholders must provide timely notice of their intent in writing. To be timely, a stockholder's notice must be delivered to or mailed and received at the Company's principal executive offices not less than 60 days nor more than 90 days prior to the meeting. In the event that less than 70 days' notice or prior public disclosure of the date of the annual meeting of stockholders is given or made to stockholders, a stockholder's notice shall be timely if received at the Company's principal executive offices no later than the close of business on the 10th day following the day on which such notice of the date of the annual meeting was mailed or such public was made, whichever first occurs. The Bylaws also specify certain requirements as to the form and content of a stockholders meeting. These provisions may preclude Company stockholders from bringing matters before an annual meeting of stockholders or from making nominations for directors at an annual meeting of stockholders.

Authorized but Unissued Shares

The Company's authorized but unissued shares of Common Stock and preferred stock are available for future issuances without stockholder approval, subject to any limitations imposed by the Nasdaq Listing Rules. Such additional shares could be utilized for a variety of corporate purposes, including future offerings to raise additional capital, acquisitions and employee benefit plans. The existence of authorized but unissued and unreserved shares of Common Stock and preferred stock could render more difficult or discourage an attempt to obtain control of us by means of a proxy contest, tender offer, merger or otherwise.

Exclusive Forum Selection

The Certificate of Incorporation requires, to the fullest extent permitted by law, that derivative actions brought in Company's name, actions against directors, officers and employees for breach of fiduciary duty and other certain actions be brought only in the Court of Chancery in the State of Delaware. Although Company believes this provision benefits it by providing increased consistency in the application of Delaware law in the types of lawsuits to which it applies, the provision may have the effect of discouraging lawsuits against Company's directors and officers.

Transfer Agent and Registrar

The transfer agent and registrar for the Common Stock is Continental Stock Transfer & Trust Company, One State Street Plaza, 30th Floor, New York, NY 10004-1561.

Quotation of Securities

The Common Stock is traded on the Nasdaq Capital Market under the symbol "NEXT."

LEGAL MATTERS

Unless otherwise indicated in the applicable prospectus supplement, the validity of any securities to be offered will be passed upon for us by our counsel, K&L Gates LLP, Charlotte, North Carolina. Any underwriters will be represented by their own legal counsel.

EXPERTS
