CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus and any accompanying prospectus supplement and the documents incorporated herein or therein by reference contains certain statements that are, or may be deemed to be, “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended (the “Securities Act”), and Section 21E of the Exchange Act. All statements other than statements of historical fact contained in this prospectus, including statements regarding our future results of operations and financial position, strategy and plans, and our expectations for future operations and economic performance, are forward-looking statements. The words “anticipate,” “contemplate,” “estimate,” “expect,” “project,” “plan,” “intend,” “believe,” “seek,” “may,” “might,” “will,” “would,” “could,” “should,” “can have,” “likely,” “continue,” “design” “assume,” “budget,” “forecast” and other words and terms of similar expressions, are intended to identify forward-looking statements.

We have based these forward-looking statements on assumptions and analysis made by us in light of our current expectations, perceptions of historical trends, current conditions and projections about future events and trends that we believe may affect our financial condition, results of operations, strategy, short-term and long-term business operations and objectives and financial needs.

Although we believe that the expectations reflected in our forward-looking statements are reasonable, actual results could differ from those expressed in our forward-looking statements. Our future financial position and results of operations, as well as any forward-looking statements are subject to change and inherent risks and uncertainties, including those described in the section titled “Risk Factors” herein and in our most recent Annual Report on Form 10-K and any subsequently filed Quarterly Reports on Form 10-Q or Current Reports on Form 8-K. You should consider our forward-looking statements in light of a number of factors that may cause actual results to vary from our forward-looking statements including, but not limited to:

- our progress in the development of our liquefied natural gas (“LNG”) liquefaction and export project and any carbon capture and storage projects (“CCS projects”) we may develop and the timing of that progress;
- the timing of achieving a final investment decision (“FID”) in the construction and operation of a 27 million tonne per annum LNG export facility at the Port of Brownsville in southern Texas (the “Terminal”);
- our reliance on third-party contractors to successfully complete the Terminal, the pipeline to supply gas to the Terminal and any CCS projects we develop;
- our ability to develop our NEXT Carbon Solutions, LLC (“NEXT Carbon Solutions”) business through implementation of our CCS projects;
- our ability to secure additional debt and equity financing in the future to complete the Terminal and other CCS projects on commercially acceptable terms and to continue as a going concern;
- the accuracy of estimated costs for the Terminal and CCS projects;
- our ability to achieve operational characteristics of the Terminal and CCS projects, when completed, including amounts of liquefaction capacities and amount of CO₂ captured and stored, and any differences in such operational characteristics from our expectations;
- the development risks, operational hazards and regulatory approvals applicable to our LNG and carbon capture and storage development, construction and operation activities and those of our third-party contractors and counterparties;
- technological innovation which may lessen our anticipated competitive advantage or demand for our offerings;
- the global demand for and price of LNG;

- the availability of LNG vessels worldwide;

- changes in legislation and regulations relating to the LNG and carbon capture industries, including environmental laws and regulations that impose significant compliance costs and liabilities;
- scope of implementation of carbon pricing regimes aimed at reducing greenhouse gas emissions;
- global development and maturation of emissions reduction credit markets;
- adverse changes to existing or proposed carbon tax incentive regimes;
- global pandemics, including the 2019 novel coronavirus (“COVID-19”) pandemic, the Russia-Ukraine conflict, other sources of volatility in the energy markets and their impact on our business and operating results, including any disruptions in our operations or development of the Terminal and the health and safety of our employees, and on our customers, the global economy and the demand for LNG or carbon capture;
- risks related to doing business in and having counterparties in foreign countries;
- our ability to maintain the listing of our securities on the Nasdaq Capital Market or another securities exchange or quotation medium;
- changes adversely affecting the businesses in which we are engaged;
- management of growth;
- general economic conditions;
- our ability to generate cash; and
- the result of future financing efforts and applications for customary tax incentives.

Should one or more of the foregoing risks or uncertainties materialize in a way that negatively impacts us, or should the assumptions underlying our forward-looking statements prove incorrect, our actual results may vary materially from those anticipated in our forward-looking statements, and our business, financial condition, and results of operations could be materially and adversely affected.

You should not rely upon forward-looking statements as predictions of future events. In addition, neither we nor any other person assumes responsibility for the accuracy and completeness of any of these forward-looking statements. Except as required by applicable law, we do not undertake any obligation to publicly correct or update any forward-looking statement.

Please read “Risk Factors” contained in this prospectus for a more complete discussion of the risks and uncertainties mentioned above and for a discussion of other risks and uncertainties. All forward-looking statements attributable to us are expressly qualified in their entirety by these cautionary statements as well as others made in our most recent Annual Report on Form 10-K as well as other filings we have made and will make with the Securities and Exchange Commission (the “SEC”) and our public communications. You should evaluate all forward-looking statements made by us in the context of these risks and uncertainties.

The forward-looking statements contained in this prospectus are made as of the date of this prospectus or, in the case of any accompanying prospectus supplement or documents incorporated by reference, the date of any such document. You should not rely upon forward-looking statements as predictions of future events. In addition, neither we nor any other person assumes responsibility for the accuracy and completeness of any of these forward-looking statements.

PROSPECTUS SUMMARY

Our Company

We were incorporated in Delaware on May 21, 2014, and were formed for the purpose of acquiring, through a merger, share exchange, asset acquisition, stock purchase, recapitalization, reorganization, or other similar business combination, one or more businesses or entities. On July 24, 2017, one of our subsidiaries merged with and into NextDecade LLC, an LNG development company founded in 2010 to develop LNG export projects and associated pipelines. Prior to the merger with NextDecade LLC, we had no operations and our assets consisted of cash proceeds received in connection with our initial public offering. Our common stock trades on the Nasdaq Capital Market under the symbol “NEXT.”

We believe that natural gas in the form of LNG will play an important role in the energy transition, but its contribution to global greenhouse gas emissions must be reduced to an absolute minimum. Through our subsidiary, Rio Grande LNG, LLC, we are developing the Terminal, and we seek to minimize its associated emissions footprint by developing a CCS project at the Terminal, combined with using responsibly sourced natural gas and our pledge to use net-zero electricity.

We also believe reducing CO₂ emissions from industrial facilities around the world is critical to realizing the Paris Agreement’s goal of limiting global warming compared to pre-industrial levels. We believe carbon capture and storage equipment and technology must be extensively implemented to achieve this goal, and through our subsidiary, NEXT Carbon Solutions, we seek to deploy the proprietary carbon capture and storage processes that we have developed at industrial source facilities to reduce CO₂ emission levels.

Our management is comprised of a team of industry leaders with extensive experience in the development of major projects. We have continued to focus our development activities on the Terminal and to undertake various initiatives to evaluate, design, and engineer the Terminal that we expect will result in demand for LNG supply, which would enable us to seek construction financing to develop the Terminal and have expanded into developing CCS projects through NEXT Carbon Solutions.

USE OF PROCEEDS

All of the shares of Common Stock covered by this prospectus are being sold by the selling stockholders. See the section titled “Selling Stockholders.” We will bear all of the expenses incurred in connection with the registration of the shares of Common Stock covered by this prospectus other than those expenses related to transfer taxes, underwriting or brokerage commissions or discounts associated with the sale of shares of Common Stock pursuant to this prospectus.

SELLING STOCKHOLDERS

This prospectus covers the offering for resale of 15,454,160 shares of Common Stock that may be offered and sold from time to time under this prospectus by the selling stockholders identified below, subject to any appropriate adjustment as a result of any stock dividend, stock split or distribution, or in connection with a combination of shares. The shares of Common Stock were issued in the Private Placement. In connection with the Private Placement, we entered into a registration rights agreement pursuant to which we are obligated to prepare, file and maintain the effectiveness of a registration statement to permit the resale from time to time of certain shares of the Common Stock held by the selling stockholders as permitted by Rule 415 promulgated under the Securities Act. We currently have no other agreements, arrangements or understandings with the selling stockholders regarding the sale or other disposition of any of the shares of Common Stock held by such selling stockholders.

We have prepared the below table and the related notes as of September 19, 2022 based on publicly available information, information supplied by the Company’s transfer agent and information previously supplied to us by the selling stockholders. We believe, based on information supplied by the selling stockholders, that except as may otherwise be indicated in the footnote to the table below, the selling stockholders and their affiliates identified herein have sole voting and dispositive power with respect to the shares of Common Stock reported as beneficially owned by it. Because any selling stockholder identified in the table may sell some or all of the shares of Common Stock owned by it which are included in this prospectus, no estimate can be given as to the number of the shares of Common Stock available for resale hereby that will be held by any selling stockholder upon termination of this offering. In addition, the selling stockholders may have sold, transferred or otherwise disposed of, or may sell, transfer or otherwise dispose of, at any time and from time to time, if applicable, the shares of Common Stock they hold in transactions exempt from the registration requirements of the Securities Act after the date on which the selling stockholders provided the information set forth on the table below. We have, therefore, assumed for the purposes of the following table, that the selling stockholders will sell all of the shares of Common Stock beneficially owned by them that are covered by this prospectus. The selling stockholders are not obligated to sell any of the shares of Common Stock offered by this prospectus. The percent of beneficial ownership for the selling stockholders is based on 144,329,624 shares of Common Stock outstanding as of September 19, 2022.

PLAN OF DISTRIBUTION

The shares of Common Stock covered by this prospectus may be offered and sold from time to time by the selling stockholders. The selling stockholders will act independently of us in making decisions with respect to the timing, manner and size of each sale. Such sales may be made on one or more exchanges or quotation services or in the over-the-counter market or otherwise, at prices and under terms then prevailing or at prices related to the then-current market price or in negotiated transactions. The selling stockholders may sell their shares of Common Stock by one or more of, or a combination of, the following methods:

- directly to purchasers, including through a specific bidding, auction or other process or in privately negotiated transactions;
- underwritten transactions;
- exchange distributions in accordance with the rules of the applicable exchange and/or secondary distributions;
- sales in the over-the-counter market;
- ordinary brokerage transactions and transactions in which the broker solicits purchasers;
- sales by broker-dealers who agree with the selling stockholders to sell a specified number of such shares of Common Stock at a stipulated price per share;
- a block trade (which may involve crosses) in which the broker or dealer so engaged will attempt to sell the securities as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker or dealer as principal and resale by such broker or dealer for its own account pursuant to this prospectus;
- settlement of short sales entered into after the date of this prospectus;
- through the writing or settlement of options on the shares or other hedging transactions, whether or not the options are listed on an options exchange;
- through the distribution of the shares of Common Stock by any selling stockholder to its employees, partners (including limited partners), members or stockholders;
- through delayed delivery requirements;
- by pledge to secure debts and other obligations;
- a combination of any such methods of sale; and
- any other method permitted pursuant to applicable law.

In addition, the selling stockholders may from time to time sell shares of Common Stock in compliance with Rule 144 under the Securities Act, if available, or pursuant to other available exemptions from the registration requirements under the Securities Act, rather than pursuant to this prospectus. In such event, the selling stockholders may be required by the securities laws of certain states to offer and sell the shares of Common Stock only through registered or licensed brokers or dealers.

A selling stockholder that is an entity may elect to make an in-kind distribution of shares of Common Stock to its members, partners or stockholders pursuant to the registration statement of which this prospectus is a part by delivering a prospectus with a plan of distribution. Such members, partners or stockholders would thereby receive freely tradeable securities pursuant to the distribution through a registration statement.

The selling stockholders and any underwriters, broker-dealers or agents that participate in the sale of shares of Common Stock or interests therein may be “underwriters” within the meaning of Section 2(a)(11) of the Securities Act. Any discounts, commissions, concessions or profit they earn on any resale of the shares of Common Stock may be underwriting discounts and commissions under the Securities Act (it being understood that the selling stockholders shall not be deemed to be underwriters solely as a result of their participation in this offering). If any selling stockholder is an “underwriter” within the meaning of Section 2(a)(11) of the Securities Act, then the selling stockholder will be subject to the prospectus delivery requirements of the Securities Act. Underwriters and their controlling persons, dealers and agents may be entitled, under agreements that may be entered into with us and the selling stockholders, to indemnification against and contribution toward specific civil liabilities, including liabilities under the Securities Act.

In connection with sales of shares of Common Stock under this prospectus, the selling stockholders may enter into hedging transactions with broker-dealers, who may in turn engage in short sales of shares of Common Stock in the course of hedging the positions they assume. The selling stockholders also may sell shares of Common Stock short and deliver them to close their short positions, or loan or pledge shares of Common Stock to broker-dealers that in turn may sell them. The selling stockholders may also enter into option or other transactions with broker-dealers or other financial institutions or the creation of one or more derivative securities which require the delivery to such broker-dealer or other financial institution of shares offered by this prospectus, which shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The selling stockholders may from time to time pledge or grant a security interest in some or all of the shares of Common Stock owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell such shares of Common Stock from time to time under this prospectus, or under an amendment to this prospectus under Rule 424 or other applicable provision of the Securities Act amending the list of selling stockholders to include the pledgee, transferee or other successors in interest as selling stockholders under this prospectus.

To the extent required, this prospectus may be amended or supplemented from time to time to describe a specific plan of distribution, including the names of any underwriters, the purchase price and the proceeds the selling stockholders will receive from the sale of shares of Common Stock, any underwriting discounts and other items constituting underwriters' compensation (it being understood that the selling stockholders shall not be deemed to be underwriters solely as a result of their participation in this offering), any public offering price and any discounts or concessions allowed or reallocated or paid to dealers, and any other information we believe to be material.

The aggregate proceeds to any selling stockholder from the sale of shares of Common Stock offered by it will be the purchase price of the Common Stock less discounts or commissions, if any. The selling stockholders reserve the right to accept and, together with their agents from time to time, to reject, in whole or in part, any proposed purchase of Common Stock to be made directly or through agents. We will not receive any of the proceeds from any offering by the selling stockholders.

There can be no assurances that the selling stockholders will sell any or all of the shares of Common Stock offered under this prospectus.

DESCRIPTION OF COMMON STOCK TO BE REGISTERED

The following is a summary of our Common Stock and provisions of our Second Amended and Restated Certificate of Incorporation, as amended (the "[Certificate of Incorporation](#)"), and our Amended and Restated Bylaws, as amended (the "[Bylaws](#)"), and certain provisions of Delaware law. This summary does not purport to be complete and is qualified in its entirety by the provisions of the Certificate of Incorporation and the Bylaws. The Certificate of Incorporation and the Bylaws are incorporated by reference and filed as exhibits to the registration statement of which this prospectus forms a part.

Common Stock

Authorized and Outstanding Shares of Common Stock

The Certificate of Incorporation authorizes the issuance of 480,000,000 shares of Common Stock. As of September 19, 2022, there were 144,329,624 shares of Common Stock outstanding held by 91 holders of record. The number of record holders is based upon the actual number of holders registered at such date and does not include holders of shares in "street name" or persons, partnerships, associated, corporations or entities in security position listings maintained by depositories.

Voting Power

Except as otherwise required by law or as otherwise provided in the certificate of designations for our series of preferred stock, the holders of our Common Stock possess all voting power for the election of our directors and all other matters requiring stockholder action and will at all times vote together as one class on all matters submitted to a vote of our stockholders. Holders of our shares of Common Stock are entitled to one vote per share on matters to be voted on by stockholders.

Dividends

Subject to the prior rights of all classes or series of stock at the time outstanding having prior rights as to dividends or other distributions, the holders of our Common Stock are entitled to receive such dividends and other distributions, if any, as may be declared from time to time by the Board in its discretion out of funds legally available therefor and shall share equally on a per share basis in such dividends and distributions.

Liquidation, Dissolution and Winding Up

In the event of the voluntary or involuntary liquidation, dissolution, or winding-up of the Company, the holders of our Common Stock are entitled to receive their ratable and proportionate share of the remaining assets of the Company, after the rights of the holders of the preferred stock have been satisfied.

Election of Directors

The Board of Directors is currently divided into three classes, Class A, Class B and Class C, with only one class of directors being elected in each year and each class serving a three-year term. There is no cumulative voting with respect to the election of directors.

Dividends

We have not paid any cash dividends on shares of our Common Stock to date. The payment of cash dividends in the future will be dependent upon our revenues and earnings, if any, capital requirements, and general financial condition. The payment of any dividends will be within the discretion of the Board of Directors.

Certain Anti-Takeover Provisions of Delaware Law

Staggered Board of Directors

The Certificate of Incorporation provides that the Board of Directors will be classified into three classes of directors of approximately equal size. As a result, in most circumstances, a person can gain control of the Board only by successfully engaging in a proxy contest at two or more annual meetings.

Special Meeting of Stockholders; Action by Written Consent

The Bylaws provide that special meetings of our stockholders may be called only by a majority vote of the Board of Directors. Additionally, the Certificate of Incorporation and Bylaws provide that stockholder action can be taken only at an annual or special meeting of stockholders and cannot be taken by written consent in lieu of a meeting.

Advance Notice Requirements for Stockholder Proposals and Director Nominations

The Bylaws provide that stockholders seeking to bring business before an annual meeting of stockholders or to nominate candidates for election as directors at an annual meeting of stockholders must provide timely notice of their intent in writing. To be timely, a stockholder's notice must be delivered to or mailed and received at the Company's principal executive offices not less than 60 days nor more than 90 days prior to the meeting. In the event that less than 70 days' notice or prior public disclosure of the date of the annual meeting of stockholders is given or made to stockholders, a stockholder's notice shall be timely if received at the Company's principal executive offices no later than the close of business on the 10th day following the day on which such notice of the date of the annual meeting was mailed or such public disclosure was made, whichever first occurs. The Bylaws also specify certain requirements as to the form and content of a stockholders meeting. These provisions may preclude Company stockholders from bringing matters before an annual meeting of stockholders or from making nominations for directors at an annual meeting of stockholders.

Authorized but Unissued Shares

The Company's authorized but unissued shares of Common Stock and preferred stock are available for future issuances without stockholder approval, subject to any limitations imposed by the Nasdaq Listing Rules. Such additional shares could be utilized for a variety of corporate purposes, including future offerings to raise additional capital, acquisitions and employee benefit plans. The existence of authorized but unissued and unreserved shares of Common Stock and preferred stock could render more difficult or discourage an attempt to obtain control of us by means of a proxy contest, tender offer, merger or otherwise.

Exclusive Forum Selection

The Certificate of Incorporation requires, to the fullest extent permitted by law, that derivative actions brought in Company's name, actions against directors, officers and employees for breach of fiduciary duty and other certain actions be brought only in the Court of Chancery in the State of Delaware. Although Company believes this provision benefits it by providing increased consistency in the application of Delaware law in the types of lawsuits to which it applies, the provision may have the effect of discouraging lawsuits against Company's directors and officers. However, the exclusive forum provision in the Certificate of Incorporation does not apply to suits brought to enforce any duty or liability created by the Exchange Act or the Securities Act or any claim with respect to which the federal courts have exclusive jurisdiction.

Transfer Agent and Registrar

The transfer agent and registrar for the Common Stock is Continental Stock Transfer & Trust Company, One State Street Plaza, 30th Floor, New York, NY 10004-1561.

Securities Exchange

The Common Stock is traded on the Nasdaq Capital Market under the symbol "NEXT."

Item 14. Indemnification of Directors and Officers

The Company is incorporated under the laws of the State of Delaware. Section 102(b)(7) of the General Corporation Law of the State of Delaware (the “DGCL”) allows a corporation to provide in its certificate of incorporation that a director of the corporation will not be personally liable to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except where the director breached the duty of loyalty, failed to act in good faith, engaged in intentional misconduct or knowingly violated a law, authorized the payment of a dividend or approved a stock repurchase in violation of Delaware corporate law or obtained an improper personal benefit. The Certificate of Incorporation provides for this limitation of liability.

Section 145 of the DGCL provides that a Delaware corporation may indemnify any person who was, is or is threatened to be made party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of such corporation), by reason of the fact that such person is or was a director, an officer, an employee or an agent of such corporation or is or was serving at the request of such corporation as a director, an officer, an employee or an agent of another corporation or enterprise. The indemnity may include expenses (including attorneys’ fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding, provided such person acted in good faith and in a manner he reasonably believed to be in or not opposed to the corporation’s best interests and, with respect to any criminal action or proceeding, had no reasonable cause to believe that his or her conduct was illegal. A Delaware corporation may indemnify any persons who are, were or are threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation by reason of the fact that such person is or was a director, an officer, an employee or an agent of another corporation or enterprise. The indemnity may include expenses (including attorneys’ fees) actually and reasonably incurred by such person in connection with the defense or settlement of such action or suit, provided such person acted in good faith and in a manner he reasonably believed to be in or not opposed to the corporation’s best interests, provided that no indemnification is permitted without judicial approval if the director, officer, employee or agent is adjudged to be liable to the corporation. Where an officer or director is successful on the merits or otherwise in the defense of any action referred to above, the corporation must indemnify him against the expenses which such officer or director has actually and reasonably incurred.

Under Section 6.1 of the Bylaws, the Company shall indemnify and provide advancement to any current or former director or officer of the Company (the “Indemnitee”) against any threatened, pending or completed action, suit, arbitration, mediation, alternate dispute resolution mechanism, investigation, inquiry, administrative hearing or any other actual, threatened or completed proceeding (as such term is more specifically defined in Section 6.7(c) of our Bylaws, the “Proceeding”) to the fullest extent permitted by law, as such may be amended from time to time. The Company shall indemnify such Indemnitee against all expenses, judgments, penalties, fines and amounts paid in settlement actually and reasonably incurred by him or her, or on his or her behalf, in connection with such Proceeding or any claim, issue or matter therein, if Indemnitee acted in good faith and in a manner Indemnitee reasonably believed to be in or not opposed to the best interests of the Company, and with respect to any criminal Proceeding, had no reasonable cause to believe Indemnitee’s conduct was unlawful.

The indemnification rights set forth above shall not be exclusive of any other right which an indemnified person may have or hereafter acquire under any statute, provision of the Certificate of Incorporation or the Bylaws, agreement, vote of stockholders or disinterested directors or otherwise.

We expect to maintain standard policies of insurance that provide coverage (i) to our directors and officers against loss rising from claims made by reason of breach of duty or other wrongful act and (ii) to us with respect to indemnification payments that we may make to such directors and officers.

Item 15. Recent Sales of Unregistered Securities

Set forth below is information regarding securities sold by us within the past three years which were not registered under the Securities Act.  - (i) To include any prospectus required by Section 10(a)(3) of the Securities Act;
 - (ii) To reflect in the prospectus any facts or events arising after the effective date of the Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the Registration Statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the “Calculation of Registration Fee” table in the effective Registration Statement; and
 - (iii) To include any material information with respect to the plan of distribution not previously disclosed in the Registration Statement or any material change to such information in the Registration Statement; provided, however, that paragraphs (a)(1)(i), (ii) and (iii) of this section do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the Registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in the Registration Statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the Registration Statement;
- (2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof;
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering;
- (4) That, for the purpose of determining liability under the Securities Act to any purchaser:
 - (A) Each prospectus filed by the Registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the Registration Statement as of the date the filed prospectus was deemed part of and included in the Registration Statement; and
 - (B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act shall be deemed to be part of and included in the Registration Statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the Registration Statement to which the prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof; provided, however, that no statement made in a Registration Statement or prospectus that is part of the Registration Statement or made in a document incorporated or deemed incorporated by reference into the Registration Statement or prospectus that is part of the Registration Statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the Registration Statement or prospectus that was part of the Registration Statement or made in any such document immediately prior to such effective date;
- (b) The undersigned Registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the Registrant’s annual report pursuant to Section 13(a) or Section 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan’s annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the Registration Statement shall be deemed to be a new Registration Statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (c) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

Ladies and Gentlemen:

We have acted as your counsel in connection with the Registration Statement on Form S-1 (the "Registration Statement") filed on the date hereof with the Securities and Exchange Commission (the "Commission") under the Securities Act of 1933, as amended (the "Securities Act"), to register the resale by the selling stockholders listed in the Registration Statement under the heading "Selling Stockholders" (the "Selling Stockholders") of up to 15,454,160 shares (the "Shares") of common stock, par value \$0.0001 per share, of NextDecade Corporation, a Delaware corporation (the "Company"). The Shares offered under the Registration Statement were issued to the Selling Stockholder pursuant to that certain Common Stock Purchase Agreement dated September 14, 2022 (the "Purchase Agreement"), between the Company and the Selling Stockholders.

You have requested our opinion as to the matters set forth below in connection with the Registration Statement. For purposes of rendering those opinions, we have examined: (a) the Registration Statement, (b) the Company's Second Amended and Restated Certificate of Incorporation, as amended through the date hereof, (c) the Company's Amended and Restated Bylaws, as amended through the date hereof, (d) the Purchase Agreement, (e) corporate actions of the Company's Board of Directors that provide for the execution, delivery and performance of the Purchase Agreement and the issuance of the Shares pursuant thereto (the "Authorizing Resolutions"), and (f) the Company's stock ledger, and we have made such other investigation as we have deemed appropriate. We have examined and relied upon certificates of public officials and, as to certain matters of fact that are material to our opinion, we have also relied on a certificate of an officer of the Company. Other than our review of the documents listed in (a) through (f) above, we have not reviewed any other documents or made any independent investigation for the purpose of rendering this opinion.

For the purposes of this opinion letter, we have assumed that: (a) each document submitted to us is accurate and complete; (b) each such document that is an original is authentic; (c) each such document that is a copy conforms to an authentic original; and (d) all signatures on each such document are genuine. We have further assumed the legal capacity of natural persons and that the Purchase Agreement is enforceable against each of the respective parties thereto. We have not verified any of those assumptions.

Our opinion set forth below is limited to the Delaware General Corporation Law ("DGCL") and reported decisions interpreting the DGCL.

Based upon and subject to the foregoing, it is our opinion that the Shares were duly authorized for issuance to the Selling Stockholders and are validly issued, fully paid and nonassessable.

This opinion is expressed as of the date hereof, and we disclaim any undertaking to advise you of any subsequent changes in the facts stated or assumed herein or of any subsequent changes in applicable laws.

We hereby consent to the filing of this opinion letter with the Commission as Exhibit 5.1 to the Registration Statement. In giving such consent, we do not thereby admit that we are in the category of persons whose consent is required under Section 7 of the Securities Act or the rules and regulations thereunder.
